- If you and your family are evacuated from your residence or business, please check in with the Red Cross at La Canada High School, even if you will be staying temporarily with family and friends at another location; this will assist in accounting for community members if necessary

- Please assist fire personnel by refraining from entering fire impacted areas. Cars and crowds may be obstacles to fire efforts
- Review your individual preparedness plan and continue to monitor local news and this website for updates

- According to Mr. John Velasco of JPL, the Lab will be closed until at least Sunday evening
- **Those interested in volunteering their time to assist in various capacities are encouraged to contact the American Red Cross**
- The City will continue to notify residents via its reverse 911 system with critical public safety information (calls to land lines only)

Please return to the City's website for updates on the Station Fire, on the hour. Next update – 5:00 a.m.
